

Reference for Kiddie Shack Daycare

As first time parents, Frank and I were very apprehensive about leaving our six week old baby in a daycare. After interviewing at some places, I found Kiddie Shack. We were very enthused to find that it is an in home care run by two ladies, parents themselves. After interviewing and meeting Sabrina and Donna, I had an instant feeling that this is the place and the care that we wanted Jacob to have. They are such honest trustworthy ladies and they truly have a passion for children. Though our relationship is founded on the business of Jacob's welfare, we feel like they are our friends too. We are so fortunate to have found a place that our feelings and concerns are heard and taken to heart. It is comforting to know that we are understood as that type of relationship will only better the development of Jacob. We recommend the care that these ladies provide to all parents!
