

Sabrina & Donna,

Please use this letter as a reference letter to all perspective parents.

I want to just thank you both for taking such good care of Christian. We interviewed so many places (other day cares, private schools, etc). While others were good, your place is where we genuinely felt at peace with. I didn't want to put Christian in a place where he would be just another "number". It was extremely important to Julio and me that Christian not only received care but love and affection as well.

Christian has been happy and that makes us (parents) happy as well. It is always great to see Christian run towards one of you when Julio or I pick him up. Most kids are ready to go home but Christian just runs for more love and attention. As parent's, that makes me feel at ease just knowing that he is happy. You know kids...they show their true emotions!

I want to also thank you for the communication between us. You both are always cautious and called even if it isn't anything serious. I personally appreciate it. I rather over communicate then not communicate enough about our son. One other important acknowledgement that I have to point out is that fact that you both were always open to constructive criticism and ideas to help us parents communicate better. The online payment definitely works for us very busy parents because we can just pay while we are at work.

Thank you both for being great and supportive. Thank you for giving him love and affection while we are at work.

Ya'll are just awesome!

Thank you for everything,
Frances & Julio Gonzalez
