

Dear Sabrina:

I would like to express to you how invaluable you have been to me and to my son Travis over the last year in daycare service. It is always difficult to entrust your child to anyone while away at work, but you have made it easy for me. I know that when Travis is with you, he is in the best of hands and there is no need to be concerned about his welfare. You are so dependable and trustworthy, and you have demonstrated to me over and over again your ability to run a top-notch establishment. I appreciate your constant attentiveness to the organization and cleanliness of the daycare, and your extreme devotion to the children. Most importantly I appreciate your dedication to Travis' happiness & well being, I so appreciate the love that you have shown him everyday while in your care.

Please have future clients contact me if I can provide them with any specific information about your services. Anyone who is able to place their child in your care should feel extremely lucky.

Sincerely,

Kelly Kammerdiener (Travis' Mom)
