

Dear Prospective Parent(s):

We are more than pleased to write a reference letter for Kiddie Shack Day Care.

I will continue to sing the praises of Sabrina and Donna because they are PHENONEMAL day care providers. Within three days of attendance we saw incredible changes in Lauren. I was very skeptical about choosing a home daycare facility over a structured building, but Kiddie Shack daycare made a believer out of us. The pricing was very reasonable and the personal touch they gave our daughter made the difference, if you don't believe me you can call me.... Seriously call me 817-404-2618, ask for Rikkei.

You may be thinking, well if there are so wonderful why did you leave, and that's a great question. We left simply because of the economy. We live, and work in Irving, and the cost of gas, and a toll tag simply became too much; but, on the flip side of things, the care Lauren received from Kiddie Shack was well worth the additional money we had to spend to get her there.

If you decide to employ Kiddie Shack daycare you have decided to make a SOUND investment in your child's future. This is not a place to drop your child off for eight hours while you are at work; this is a home away from home.

Sincerely,

Rikkei and Melvin Topps
Lauren's Mom and Dad
