

Dear Prospective Parents,

Our daughter, Anna, has been enrolled at Kiddie Shack since January 2011. This has been our first daycare experience. As a former nanny, I have very high expectations when it comes to childcare. We had a very extensive daycare search. At this formative age, children need more than their physical needs fulfilled. I know the one on one attention has sped up Anna's abilities in a way a larger corporate daycare would not have been able to. With Kiddie Shack, we know that all of Anna's needs are met in a loving manner. It feels great to know that your child is care for like family.

Please rest assured with the quality of care at the Kiddie Shack. Just ask any of the happy parents in the Kiddie Shack family. We all know that when it comes to your children you need to have the best fit possible. We highly recommend Sabrina and Donna!
