

My husband and I are first time parents and unfortunately working ones. After being off work and realizing that we both had to work, we knew that we would have to find care for our son William who was 16 months old. This was very hard for us because we were both very nervous about leaving our son with "strangers."

After working in daycare for 12 years myself, I was pretty set on not putting William in a franchise daycare at such a young age. Besides, the cost was ridiculous! So interviewing places for William to go to was going to be hard because I knew what to look for and what questions to ask and knew I was going to be picky.

Kiddie Shack was the first place we interviewed at and we fell in love right away. We were very impressed with the space and décor of the place. Ms. Sabrina and Ms. Donna invest and implement a great curriculum. Everything was posted up including last licensing visits, news letters, calendars, and an article rating them one of the top home daycares in Carrollton.

After sitting down and speaking with them and having all our questions answered, that "stranger" feeling went away. They both are so personable and caring. Ms. Sabrina knew I had other places to check into and was completely understanding and gave me time to look and make a decision.

It has truly been one of the best decisions we have made regarding our son. William has been so happy there with his teachers and friends. They both care so much about all the children and it shows in the extra things they do for them like throwing awesome parties for the kids and parents, special treats and fun activities. The tuition is affordable and the open communication is great. It is just an over all happy place. I highly recommend Kiddie Shack and would be more than happy to speak or answer any questions one might have.

Thank You For All You Do,

Diana & David Yoshida (William's Parents)
